RESPONSIBILITY:

If this permit is granted (I-We) hereby agree to backfill the trench of said opening by thorough wetting and mechanical compaction of the backfill. Pit run should be used up to the last 12" from top of opening, The next 8" should be filled with compacted gravel. The last 4" should be asphalt. Any dirt or stone removed from trench that is excessively wet SHALL NOT be used as backfill. Backfill must be dry.

(I/We) agree to comply with all the conditions, restrictions and regulations of Article VIII Excavation Permit Public Right of Way Section 26-100—Section 26-101.

(I/We) also hereby agree to maintain lights, signs, barricades, flagmen and watchmen for the protection of traffic at all times, day and night, during the work provided for under this permit and that such instructions given by the Risk Management Officer as to handling traffic will be fully complied with.

If you are unable or choose not to repair the opening you may choose to have the City of Livingston do the repair and Applicant will be billed in accordance with size and current price of labor, asphalt, concrete or other needed material and equipment. Please note that if you do the repair and within 2 years time it does not meet our standards we will repair it and you will be charged for the repair.
