PARK COUNTY & LIVINGSTON FLOOD UPDATE

JUNE 14, 2022: 6:20 p.m.

With the closure of 89N at the bridge at I90, Incident Command made the decision to open the East Interchange to traffic. Please use caution as there is 3-4 inches of water still on parts of the roadway. Vehicles with low clearance should avoid the area. MDT has been consulted about Veterans Bridge and advised it should be fine. Based on those factors Veterans Bridge is now open as well.

Please use caution and limit traffic in the area to only essential trips at this point because emergency services, road crews and businesses are still doing heavy clean up in the area.

Thanks!
