Question/Comment

I am a recent resident of Livingston and live on the Northside of town. I was a little concerned that your article stated pickleball was only being considered. I currently play at the Civic Center 3 days a week - the lighting is terrible and the floor not really conducive to the sport - however I am grateful to have a place to play and a good group of folks to play with. There is consistently 20- 25 players everyday we play - I have yet to see a single tennis player on any of the public courts. If pickleball is not considered in the new civic center - it would be great if they could convert just 2 tennis courts into 4 pickleball courts. It is the fastest growing sport in America today. Thank you
