Question/Comment

Any of the 3 other locations besides the current civic center are much better, north M park is my vote. Sacajawea park & Civic. center are currently used often and the park is a public place to enjoy the view and a have a peaceful respite. A giant center will interfere with the purpose of our public park.

Northside of town needs more amenities. Building the center on N M would only add value to an area that isn't being used enough. Don't overcrowd what is already an asset to this town, and bring an asset to North M.
