Question/Comment

we have been park county property owners for almost 30 years and full time residents for the past 5 years. As we all know, winters are long and hard. Having access to facilities that offer exercise and recreation will promote a healthier community. A wellness center will offer an array of educational opportunities for our aging population. Nutrition and older adult exercise classes would be an immediate hit! I am looking forward going into town to swim laps! We embrace the vision. Longevity is the name of the game for boomers and a wellness center is one of the ways to reach living a longer, healthier life.
