

My name is Carol Glenn Lalani, my address in Livingston is 8 Rogers Lane, but also live in Bozeman. I did grow up in Livingston and appreciate what this Wellness center would bring to the youth of the area. After carefully looking at the four locations and taking into consideration locations, road access, and accessibility to schools, etc., I've decided the best location would be the Katie Bonnell park. It has better access from various directions and more positive possibilities. The Washington school area access on that frontage road would make it too congested and dangerous. The Civic center area is an iconic area with Sacajawea park , etc. and certainly doesn't need more traffic. My second choice would be the North side soccer Park location. Given everything, I vote for Katie Bonnell park. Thank you very much. Carol
