City of Livingston

RE: Rec Center

Please be advised that I object to the construction of the Rec Center in Sacajawea or Miles Park. I feel that the parks are public parks and should remain that way. The Civic Center is an historic building and I do not believe it should be removed.

I am a property owner and taxpayer in the City of Livingston.

Grant Gager
Livingston City Manager
220 East Park Street
Livingston, MT 59047

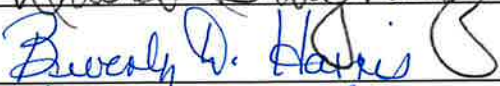

Dear Sir:

We, being property owners and residents of the City of Livingston, do not believe the proposed recreation complex should be built in either Sacajawea or Miles Park. We believe the parks should be left as they are now – **public parks**, with the Civic Center intact.
