Question/Comment

I would like to ask that the Civic Center please be removed from consideration for the location of the new athletic facility. Not only is it right next to the river and in danger of flooding, it's lovely spot for the Farmer's Market and Brewfest and lots of other outdoor activities. I can't even imagine the Farmer's Market being held anywhere else. I frankly can't believe that spot is under consideration after the flood, it doesn't make sense. I don't have strong feelings about any of the other locations but that river is going to do what it wants to do going forward so let's respect it.
