Question/Comment

Comment re: wellness center

Of Hank you for the opportunity to comment, and all the work in getting this project moving forward.

1. Please locate the wellness center anywhere except the Civic Center location. Flood risk, the abundance of recreational infrastructure already present in that area of town, and the aesthetics of the Sacajawea Park area are all reasons to locate this new facility in one of the other three sites.
2. Locating the wellness center on the north side of Livingston makes sense because it is the area where Livingston is growing, there are many families there, and though it's farther from the school, it's closer to more kids' homes.
3. I think parking will be an issue at the Washington School site, and the increased activity and traffic will have a negative impact on the neighbors of that site.
