Question/Comment

I am in support of any of the locations for the recreation center other than the one where the Civic Center is. I think it's really important that we don't develop any more of our precious river frontage. I see the recreation center as being a great asset for the city and I am in support of the project itself, just not at the Civic Center location. However, I would be in support of improving the Civic Center as to update/maintain it in order to provide better use to the community.
