February 12, 2020

Work Session for consideration of Growth Policy recommendations for PTC scheduled for Wednesday, February 12, 2020 at City County Building in the West Room. Rachael Jones, Vice Chair will facilitate this meeting.

Jones request Stands reviews Burton meeting with the Committees - Zoning Committee recommendations are clear about objectives and goals with statistically measurements, specifically related to urban agriculture and mapping Beneficial to being more specific and potentially repeating ideas that are important to us that other committees also find important Recommend reading through Zoning Committee recommendations before next meeting and really questioning how we are fostering community use

Jones - More info on animal management, historical background as well as increasing availability of performance and visual arts in parks

Shannon-Lier- check out other town plans that are closer to our demographic, size and being a river town/old railroad town

Jones recommends each committee member look into a similar town to present next committee meeting for recommendation changes
